SPECIAL BULLETIN - 16 SEPTEMBER 2019

George Gatland (5th February 1932 - 11th September 2019)

On 11 September, and after a lengthy spell of poor health, George Gatland died. He leaves his wife, Jean, and one adult son (Paul).

George will be sorely missed. He had an encyclopaedic memory and a wealth of knowledge which he shared freely. His contribution to almost every aspect of living on the development and Dominica Court - but particularly his involvement as a member of the Water Feature Action Group – can never be quantified. He was gentle, kind and generous as well as being a well-respected and trusted member of the community. We all owe him a great debt of gratitude.

Funeral Service to be held at Eastbourne Crematorium, Main Chapel on Monday 30th September at 3:15 pm. Family flowers only. Donations to Cancer Research UK, donation boxes at the Crematorium. Dress optional.
